

Thursday, April 23, 2020

6:00 – 7:30 pm

Please join us on April 23rd from 6:00-7:30 pm via Zoom, so together we can build strong recommendations and a plan for action to improve systems and to prevent child maltreatment deaths and also find out the latest neonatal considerations during the COVID-19 pandemic.

6:00-6:45 pm Pediatrician's Role in Preventing Child Abuse and Neglect

Presented by: Sandy Tibke, Executive Director, Prevent Child Abuse North Dakota (PCAND)

We all play a role in preventing child abuse and neglect and this presentation will take a closer look at data collected from the ND Child Fatality Review Panel regarding ND Children who have died as a result of child maltreatment over the past ten years. Collectively we can strategize and develop a plan to improve systems and to prevent child maltreatment deaths. We need your expertise and input about recommendations for actions that will address the challenges, together we can make a difference. Information gathered from partners and stakeholders like you will be reflected in the federal child fatality prevention plan.

6:45-7:30 pm Neonatal Considerations in the Time of COVID-19

Presented by: Karen Brown, MDO, Pediatric Neonatal-Perinatal Medicine, Sanford Medical Center, Bismarck, ND

Dr. Brown, neonatologist will discuss recommendations and considerations around neonatal care, followed by an opportunity for questions and answers.
